

A flexible solution approach that lets you focus on what matters most to you, and your guests

Hoteza offers a modular range of hospitality-specific TV solutions, based on many years of relevant experience in hospitality industry and serving millions of customers all over the world.

Our Hoteza Lite solution, attractive and cost-efficient

Hoteza Lite, our standard TV package, offers fundamental information and entertainment capabilities along with a range of valuable guest and hotelier services at an attractive price point. Our optimized solution design ensures both a lean configuration and a quick deployment. For a more hotel-specific configuration and flavour, you may go for Hoteza Pro solution at any time.

Our Hoteza Pro solution to differentiate your hotel and get the most of our system. Our modular solution design allows you to upgrade your Hoteza Lite solution anytime to Hoteza Pro:

- **Customize**
Offers you a best match for your corporate and hotel brand identity on the graphical user interface.
- **Watch & Listen**
Provides rich content feeds (web radios, movies) and an opportunity to generate revenues from selected premium TV channels.
- **Inform & Promote**
Allows management of hotel information to drive hotel guests awareness through our user-friendly cloud-based Content Management System.
- **Sell & Deliver**
Ordering hotel services and in-room dining or shopping has never been easier using Hoteza TV. Via in-room TV screen, your guests may have an access to any hotel services to help them make the most of their stay.
- **Connect**
Provides advanced content streaming options from your guest's mobile device to the room TV.
- **Link**
Interfaces with your Property Management System (PMS) to provide a host of advanced functionalities from real-time guest messaging to view bill feature.

All our on-site and cloud-based solutions can connect directly to the TV, saving you the investment and maintenance cost associated with the use of a set-top-box (STB).

A Coax / Wi-Fi based version with certified Smart Hotel TVs from LG and Samsung is available for both Lite and Pro solutions. This allows you to re-use your existing Coax network and TV head-end.

Highlights

- **Flexible solution design**
makes best use of the hotel's existing network infrastructure.
- **Modular enhancement packages** to focus on what matters.
- **Progressive hotel branding** options.
- **Bouquet of guest entertainment options** from classical to (VoD) to contemporary (screen sharing).
- **Cloud-based CMS** allows consistent information content upgrades across your entire hotel.
- **Single CMS platform** for both IPTV and guest-facing mobile apps thus reducing the work of hotel staff.
- **Integration with the leading Room Management Systems** provides a seamless control of room systems via in-room TV screen and guest mobile device.
- **Multiple language support** helps remove language barriers and enhance communication with the hotel for all nationalities.
